US & OUR WORK

Our products are a testament to our world-class manufacturing processes, which preserve the tradition of Nepal's finest woolens.

Our products are designed to enhance your style with sophistication; at Om Cashmeres, we are all about cashmere, quality and class. Based in Kathmandu, Om Cashmeres manufactures the finest quality cashmere and pashmina products and has come a long way since its journey began in 2004. Today, our products are exported across the globe to notable multinational brands, its various cashmere and blended garments standing up to stringent manufacturing tests and made only from SGS-tested yarns. We have a diverse range of products,

our quality and craftsmanship evident in each Of them: from knitted apparels to sweaters, cardigans to woven rugs, and from scarves to stoles. Using the finest quality Nepalese wool, our products are a testament to world-class manufacturing processes applied to traditional heritage. With a decade-long history Of supplying quality cashmere products to luxury clothing brands across the world, and with its top-of-the-line manufacturing process, Om Cashmeres is one Of Nepal's most modern knitting houses.

OM CASHMERES

Acknowledgment

Nature has gifted us Cashmere attires in a raw form through Cashmere goats, Pashmina goats, and other few goats. The super soft and luxurious fabric has something more than being sheer apparel.

Cashmere is beyond apparel, it is the companion of its owner. Companion in frosty weather, affable outings, sophisticated meetings, elegant parties, and so on. As it provides a homely aura, one can always feel comfortable being with it.

The words that are used here to describe the relationship between a Cashmere and its owner can be profoundly felt by a Cashmere lover. Once a person begins using Cashmere, it's hard for them to choose another material. They search for varied types of apparel in Cashmere fabrics only.
